To District Five Kin

From Scott Wood, Kinsmen Foundation Chair

Hello Fellow Kin

Hope this letter finds you all well. Its already been 6 months since we all met in Port Coquitlam for the Foundations AGM. Where does the time go? As the district convention in Port Alberni is getting closer I wanted to reach out to the clubs in District Five asking them for their support. Please remember your Foundation this coming Kinvention with a contribution from your club. Remember all the funds that your club donates to the Foundation goes towards helping disabled adults in British Columbia. Without the support of District Five Kinsmen, Kinette and Kin clubs the Kinsmen Foundation may not exist and therefor adults with disabilities in your communities may not be taken care off with their wants and needs. So, I ask your club to please bring a cheque to convention. If your club isn't going to Port Alberni no problem you can always just put it in the mail. The board thanks you in advance for your kind contribution.

At Kinvention this year I will be setting up a small table to go over any questions you or your club may have along with information on how your club can help with our upcoming golf tournament. We will be asking if your club is able to be a hole sponsor or if not a item for the live or silent auction. This July we are hoping that the golf tournament can raise around \$25,000 for the Foundation. Also, kindly remember if your club needs any promotion material from the Foundation to let us know. Right now, we have brochures, bags, luggage tags for your club to have for any project you may be doing for the Foundation. Just shoot us an email with the shipping address and we will send you the material.

In closing I want to take a moment to thank Dave Owen for everything he has done for the Foundation. Dave has announced his retirement, effective July 1st, 2018, from being our CAO and believe me he will be missed. Dave, we wish you all the best in your retirement.

Best Regards

Scott Wood

Chair of the Kinsmen Foundation
